ELEMENT4

LUXURY FIREPLACES

Masters of atmosphere

Technical Specifications

BIOETHANOL FIREPLACES

The fireplace is where we come to unwind, indoors or out. A place for quiet moments, shared moments, and time that feels entirely your own. The space around the fire should feel effortless and inviting: a setting where warmth comes naturally and the experience is unmistakable.

Element4 elevates indoor and outdoor spaces through fire. We create luxury fireplaces that do more than complement a space, they define it. With a versatile collection designed around individual tastes and ambitions, inspired design and impressive solutions come together to create truly distinctive atmospheres.

Element4, masters of atmosphere.

Cupido 70

The Cupido 70 Bio is a compact bio-ethanol fireplace that is excellently suited for renovation projects. Thanks to its size of 70 cm, the fireplace fits beautifully into an existing mantelpiece and gives a classic element an instant contemporary look. Because the fireplace can also be used without a chimney, many possibilities arise for existing homes.

FUEL **Bio-Ethanol**	HEAT OUTPUT **6,800 - 11,900 BTU**
CONTROL **Remote Control**	FIRE VIEW **Front**

Technical specifications

Type	Front, Built-in
Fuel	Bio-Ethanol

Options

LED Bottom Lighting	Optional
Anti-Reflective Glass	Optional
Safety Screen	Optional
Back Wall	Steel or Black Glass

Technical Specifications

Remote Control	Standard
Efficiency	100%
Tank Capacity	3.5 l

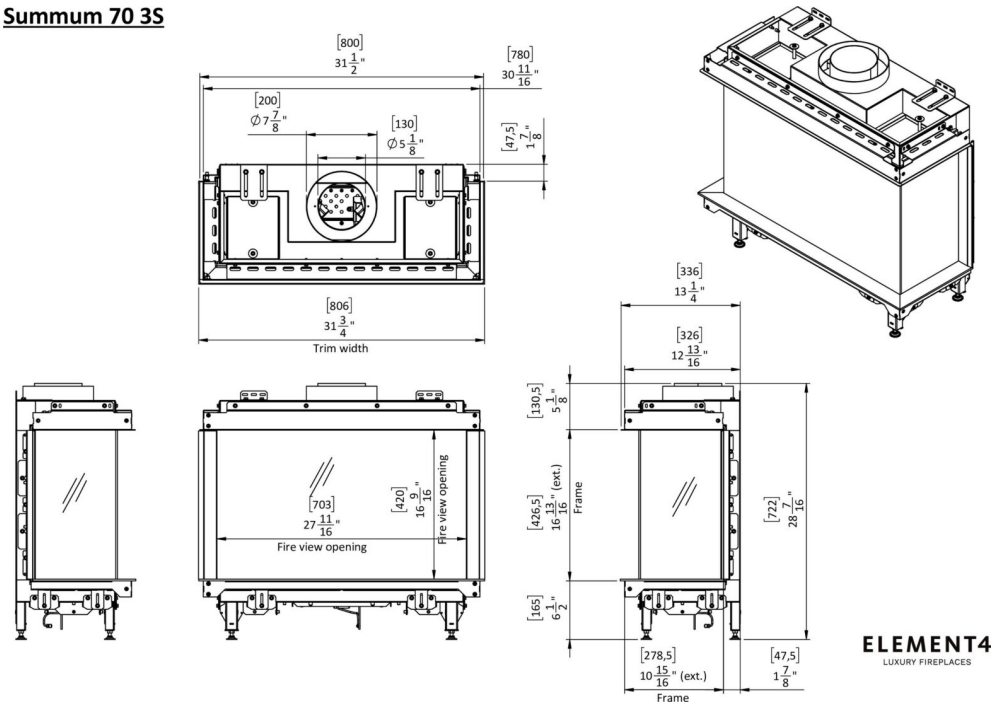

Three-sided

Summum 70 3/S

With the Summum 70 3-sided Bio, the fire comes to life from three sides. The extra glass sides give the compact model an open and spacious appearance and ensure that the flames remain visible from different positions. Bio-ethanol also makes it possible to add real fire without a gas connection or chimney.

FUEL **Bio-Ethanol**	POWER **2.0 - 3.0 kW**
CONTROL **Remote control**	FIRE VIEW **Three-sided**

Summum 70 3S

Technical specifications

Type	Three-sided, Built-in
Fuel	Bio-Ethanol

Options

LED floor lighting	Standard
Anti-reflective glass	Optional
Safety screen	Optional
Back wall	Steel or black glass

Technical specifications

Remote control	Standard
Efficiency	100%
Tank capacity	3.5 l

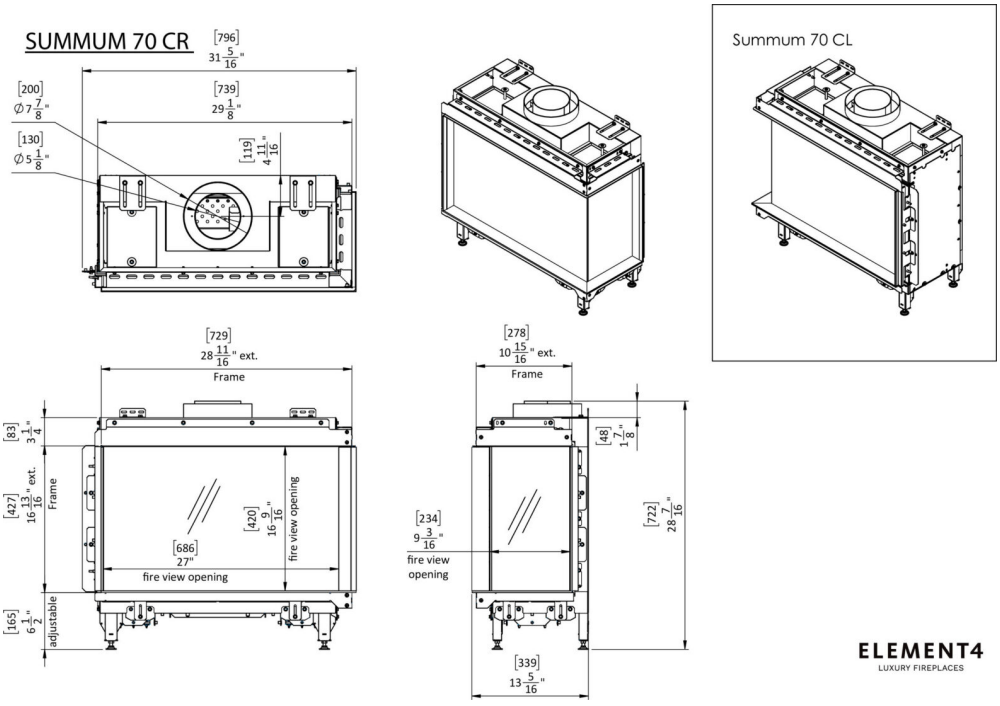

Corner

Summum 70 C

This beautiful model gives you a view of the atmospheric bio-ethanol fire from two directions. The corner setup creates a spatial effect, while the compact size offers a lot of freedom in designing the interior. Real fire thus becomes part of the space, without the need for a gas connection.

FUEL **Bio-Ethanol**	POWER **2.0 - 3.0 kW**
OPERATION **Remote control**	FIRE VIEW **Corner**
